Your Prescription Card.
Your guide for savings.

00001

Dear Plan Member,

Welcome to your new prescription benefits. Attached is your Prescription Card. Be sure to take it to your pharmacy when you get a prescription filled for the first time. Use the ID number on the card to register at www.caremark.com, where you can order refills, check drug cost and coverage, print a claim form and more.

Your plan sponsor chose CVS/caremark to manage your prescription care and associated costs. We offer you these tips to help you save money on your prescriptions:

- 1. Ask for generics first.** Generic drugs can cost up to 80 percent less than brand-name drugs.
- 2. Remember the preferred drug list.** If a generic drug isn't available, ask your doctor to prescribe a drug on your plan's preferred drug list, if appropriate. You will pay more for a brand-name medication not on the preferred list.
- 3. Order 90-day supplies of long-term medications** to save money. Maintenance Choice[®] lets you choose to receive your long-term prescriptions at a CVS/pharmacy or from the CVS Caremark Mail Service Pharmacy for the same low copay.
- 4. Fill short-term prescriptions at a network pharmacy.** You will generally pay more for short-term (30 days or fewer) prescriptions that are filled outside the CVS/caremark Retail Pharmacy Network.

See the other side of this letter for a summary of your prescription benefits. If you have questions about your plan coverage, please call Customer Care toll-free at 1-888-202-1654 [after your benefits begin](#). We're here to help you.

Research shows that individuals on average can save 30 to 80 percent by using generics. Source: Generic Pharmaceutical Association.

Where to fill your prescription

Choosing where to fill your prescription depends on whether you are ordering a short-term or long-term medication:

Short-term medications are generally taken for a limited amount of time and have a limited amount of refills, such as an antibiotic. You can fill prescriptions for these medications at any pharmacy in the CVS/caremark retail network.

- Choose from more than 68,000 network pharmacies nationwide, including independent pharmacies, chain pharmacies and 7,700 CVS/pharmacy locations.
- Find a participating pharmacy at www.caremark.com

Tip: To avoid filling out claims paperwork, bring your Prescription Card with you when you pick up your prescription, and use a pharmacy in the CVS/caremark retail network.

Long-term medications are taken regularly for chronic conditions, such as high blood pressure, asthma, diabetes or high cholesterol. You will generally save money by using mail service for these prescriptions.

Choose **one** of four easy ways to start using the Maintenance Choice program:

1. Bring your prescription to a CVS/pharmacy location
2. Fill out and send in a mail service order form – use the one included in this welcome kit or print one at www.caremark.com
3. Visit www.caremark.com/faststart
4. Call FastStart toll-free at 1-800-875-0867
