"I spent a lot of time practicing with the high school team. We went to Thomas More for three days and then had two-a-days a lot this summer," he said.

Andrew said his senior year is going fine so far.

"It's perfect! It's my senior year! Teachers aren't quite as hard on you," he said.

Andrew plays wide receiver for the football team, and in the spring, he will play varsity baseball.

"I plan to win SBC in both football and baseball," he said.

Andrew said he's looking forward to a few

events this school year.

"Mostly Senior Prom because it's my last one. Those kind of things are with you forever."

Like many seniors, Andrew said he's a little worried about leaving high school and going off to college.

"I don't even know where I'm going to college yet," he said. "I guess I'd better make that decision first."

A sophomore at New Richmond High School, Kyle Reid spent his free time doing a few different things.

"I listen to a lot of music and play guitar, when I have free time. I also play a lot of baseball," he said.

Kyle was lucky enough to have his own pool to swim in over the hot summer, but he did manage to find more than just swim.

"Over the summer I swam in my pool, and hung out with my friends," he said. "Also I got to sleep in, and I went to Kings Island a few times too."

According to Kyle the best part of his summer took place at Kings Island.

"Going to Kings Island was the most fun thing I did over the summer because I got to hang out with a bunch of my friends, which is always fun," he said.

Now that school has started back up and is now in full swing, Kyle admitted that school was going well.

"So far things are good, I've got good grades, and I get to see all of my friends and have classes with most of them," he said.

Right now Kyle isn't playing any sports or

doing any extra curricular activities but plans on playing baseball in the spring.

"I'm not really interested in anything going on right now, but when spring comes around I plan on playing baseball," said Kyle.

Kyle said he is looking forward to spring this school year because with spring comes baseball, and he is looking forward to playing this season.
